I. General Description of Report

This information collection is required pursuant to sections 7 and 13 of the International Banking Act (12 U.S.C. 3105 and 3108) for the Board, sections 7 and 10 of the Federal Deposit Insurance Act (12 U.S.C. 1817 and 1820) for the FDIC, and the National Bank Act (12 U.S.C. 161) as applied through section 4 of the International Banking Act (12 U.S.C. 3102) for the OCC. The FFIEC 019 is given confidential treatment consistent with 5 U.S.C. 552(b)(4) and (b)(8).

Abstract

The FFIEC 019 report must be filed by each U.S. branch or agency of a foreign bank that has total direct claims on foreign residents in excess of \$30 million. The branch or agency reports its total exposure (1) to residents of its home country, and (2) to the other five foreign nations to which its exposure is largest and is at least \$20 million. The home country exposure must be reported regardless of the size of the total claims for that nation.

Each respondent must report by country, as appropriate, the information on its direct claims (assets such as deposit balances with banks, loans, or securities), indirect claims (which include guarantees), and total adjusted claims on foreign residents, as well as information on commitments. The respondent also must report information on

claims on related non-U.S. offices that are included in total adjusted claims on the home country, as well as a breakdown for the home country and each other reported country of adjusted claims on unrelated foreign residents by the sector of borrower or guarantor, and by maturity (in two categories: one year or less, and over one year). The Federal Reserve System collects and processes this report on behalf of all three agencies.

II. Current Actions

On April 27, 2018, the Board requested comment for 60 days on a proposal to extend for three years, without revision, the FFIEC 019 report (83 FR 18564). The Board did not receive any comments on the proposal and is now submitting a request to OMB for review and approval to extend for three years, without revision, the FFIEC 019 report.

III. Request for Comment

The FFIEC 019 has remained substantially the same, including with respect to the reporting scope and thresholds, since its original adoption in May 1997. Although the agencies are not proposing any revisions to the FFIEC 019, they are interested in respondents' views on potential revisions they should consider in future proposals. This includes views on whether and how to adjust the \$20 million minimum threshold for reporting a non-home foreign country exposure and whether to change the number of non-home foreign countries over that threshold that are reported.

Public comment is requested on all aspects of this notice. Comment is also specifically invited on:

- a. Whether the information collection is necessary for the proper performance of the agencies' functions, including whether the information has practical utility;
- b. The accuracy of the agencies' estimate of the burden of the information collection, including the validity of the methodology and assumptions used;
- c. Ways to enhance the quality, utility, and clarity of the information to be collected;
- d. Ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
- e. Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted to the Board in response to this notice will be shared with the other agencies. All comments will become a matter of public record.

Board of Governors of the Federal Reserve System, July 24, 2018.

Michele Taylor Fennell,

Assistant Secretary of the Board.
